**They can with Telephone Time
Punch from Hyper-Reach Technology**

"Based on the deal we've worked on together, Hyper-Reach Technology is a great UKG partner. They've been quick to respond and available when I needed them. It's easy to demo the product and it's the right solution when the customer needs an IVR."

Joe Napoli, Manufacturing

As a UKG partner, we give your employees access to UKG technology through the devices they already have. Whether it's IVR, text messaging, and more, we can help.

"Hyper-Reach Technology has been quick to respond and flexible in trying to meet our prospect's needs. I'm looking forward to working with them on the next deal that needs an IVR."

Michael Babb, Staffing

Need something special?

Hyper-Reach Technology is more than Telephone Time Punch. We've developed hundreds of IVR, text messaging and other applications for governments, non-profits, real estate, pharma, health care and many other customers. With products like Emergency Notification, employee tip line, transaction verification and more, Hyper-Reach Technology can take an existing product and integrate it with UKG or develop something from scratch. So let us know if we can help.

"We asked Hyper-Reach Technology if they could do a special IVR application for a UKG Ready customer. They were quick to respond, did a lot of legwork and came back with the information I needed. I think they will be a great partner to work with when I need an IVR solution."

Jennifer Beaton, Manufacturing

"Working with Hyper-Reach Technology and their IVR product has been great. They're very responsive, their pricing works, and they're clearly customer-focused. My customer really appreciated their partnership."

John Jamieson, Public Sector

"We've been working with Hyper-Reach Technology's IVR solution for UKG Ready for many years now and it's been a great partnership. Hyper-Reach Technology is easy to work with, knows their business and their product is rock solid. They're very strong with customers and quick to respond when we need them. It's a win-win partnership!"
